

SERIES 23
BACKSHELLS AND
ACCESSORIES

 **SuperNine**®

High-performance composite thermoplastic and precision-machined metal connector backshells and accessories

Nowhere in the world does anyone supply such a complete range of high-performance backshells and connector accessories for mil-aero interconnect systems. Glenair is able to offer our SuperNine customers both military standard 85049 backshells and accessories, as well as unique special-purpose EMI/RFI and environmental backshells designed for higher performance requirements. This section of the SuperNine catalog presents just a few of our most innovative backshell designs, including our 3-in-1 Swing Arm™ strain relief, and several lightweight and corrosion-free composite thermoplastic solutions. Glenair's high availability business model ensures all popular part numbers from this section of the catalog are in-stock and ready for immediate, same-day shipment.
