

SERIES 77
HEAT SHRINK
BOOTS

SERIES SPECIFIC SHRINK BOOTS

For Mighty Mouse, HiPer-D[®],
Nanominiature, SuperSeal[™] and Superfly[®]

Glenair shrink boots extend our commitment to our customers by providing shrink boots specifically designed to fit our growing family of innovative high performance connectors. A snug fit is an essential characteristic of a well performing boot so trust that Glenair has taken the time to ensure a quality fit that will stand up to the wear and tear encountered in mil aero and space applications. All Glenair series specific shrink boots can be ordered with potting ports in your choice of 8 material options and 5 adhesives or none at all.
