

# Section A High-Performance Micro-D Connectors and Cables Table of Contents

|                           |                                                                                     |                                                 |
|---------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------|
| Section A<br>Introduction |    | Specifications, Arrangements and References     |
| Section B                 |    | Metal Shell Micro-D for Harnessing Applications |
| Section C                 |    | Metal Shell Micro-D for Printed Circuit Boards  |
| Section D                 |    | Single Row Low Profile Metal Shell Micro-D      |
| Section E                 |    | Low Profile Metal and Plastic Shell Micro-D     |
| Section F                 |    | Combo Micro-D for High Power                    |
| Section G                 |    | Micro-D Filter Connectors                       |
| Section H                 |   | Micro-D Hermetic Connectors                     |
| Section J                 |  | Well-Master™ 260 High Temperature Micro-D       |
| Section K                 |  | Micro-D Special Applications and Modifications  |
| Section L                 |  | MIL-DTL-83513 Connectors and Hardware           |
| Section M                 |  | Micro-D Backshells                              |
| Section N                 |  | Micro-D Sav-Con® Connector Savers and Hardware  |
| Section P                 |  | Micro EdgeBoard / Micro Circular Connectors     |
| Section Q                 |  | Latching MicroStrips                            |
| Index                     |  | Part Number Index                               |
