

ITS 901 06G - 1

Straight Cylindrical Plug with Rubber Recovered Coupling Assembly for Single Wires Cable Clamp

TABLE 3: MODIFICATION CODES

Name	Modification
Omitted	Standard
B0	Connector Less Contacts
F7	Conductive Black Plating
MX	Modified Contacts
MX	M3A, M3B and M3C for 3 Contacts Type
MX	M4A, M4B and M4C for 4 Contacts Type

Application Notes:

- Straight Plug with backshell for single wires with rubber recovered coupling. RoHS Compliant.
- Working voltage: 800-1000 Vac. Test voltage: 2800 - 3800 Vac 50Hz (1 min.). See Table 1 - Inserts.
- Water proof : IP67 level (coupled connectors).
- Contact resistance: 0.2 to 0.5 mΩ Max.
- Temperature range: -55 +125°C.
- Contact: copper alloy with silver plating.
- Insulator: black thermoplastic resin according with UL94V0-NFF16-102 I1 F2 (Exigency 3).
- Shells: Aluminium alloy with electrodeposited black paint.
